Dear Parents,

Summer is almost here! The Village of Belle Terre has been providing a Beach Program for over 50 years at our beautiful John W. Knapp Beach. The camp provides a wonderful opportunity for children to be with their friends, make new friends, learn new swimming skills and activities, gain a wealth of personal development all while enjoying our beach. Our highly skilled staff, is certified by the American Red Cross, in Waterfront Lifeguarding, First Aid, and in CPR/AED for the Professional Rescuer. Water Safety Instructors and Responding to Emergencies staff members are present at all times to insure your child has the safest and most rewarding summer. To get started on making this **"The Best Summer Ever"** please note:

Evacuation

During the course of the summer, there is occasional inclement weather. Severe weather, such as lightning, necessitates the beach to be closed. We are then *required* to evacuate the beach. Unfortunately, severe weather may begin after a session starts. In these cases, we *must* remove the campers from the beach and transport them to the Community Center as quickly as possible. Campers will be transported in an orderly fashion by our staff and, if necessary, by available parents. You are welcome to come to the beach to pick up your child. If your child has already been transported, we will inform you and you may proceed to the Community Center for pick-up.

Photographs

The Youth Program will be taking pictures of your child, both in a posed group shot and in candid photographs during camp activities so that we may provide you with lasting memories of the summer.

I understand that both of the above procedures are part of the Belle Terre Youth Program and agree to allow my child(ren) to be evacuated from the beach in the case of an emergency and to be photographed during camp events.
